**Approximate number of meetings held:** 7

**Major Accomplishments:**

We developed a college-wide course evaluation form to be used online by departments on a voluntary basis. We also held a series of joint meetings with the CHS Curriculum Committee to discuss the core curriculum.

**Significant challenges confronted and how they were addressed:**

None

**Next steps and future plans:**

We need to meet with Sly Upah to discuss how the online form can be developed by his office. I need to meet with Cabinet to discuss the online evaluation form. Once the online evaluation is up and running, we will need to develop a plan to assess how the new core curriculum is being implemented by departments.
