

MULTICULTURAL PROGRAMS

STUDENT SUPPORT

From your first day on campus until graduation, we'll provide the programs and resources you need. We support students of color on their Iowa State adventure.

FUNDING REQUESTS

Need some cash? We help you invest in yourself by providing up to \$100 per academic year to cover the costs of conferences, study abroad, exams, and more.

A SPACE FOR YOU

Find a confidential space to share your successes, challenges, and concerns.

SOCIAL JUSTICE

Learn to advocate for the underrepresented through discussion groups, open forums, films, and discussions, and ethnic celebrations. Our planned and just-in-time programming comes from ideas brought to us by students like you.

TUTORING

We partner with Multicultural Student Affairs to offer you one group tutor per semester — free!

CONNECT FOUR

This learning community is made up of students of color who encourage one another and share important resources and tips. As a first-year student, you'll be paired with a peer mentor who will help ensure your success.

GRO

Growing through Relationships and Conversations with Others (GRO) is an intercultural dialogue group open to all College of Human Sciences students. Meetings are twice a month over a meal, with members sharing articles, videos, activities, and journals to spark discussion.
